

## Youth Violence Panel Discussion

**Safe Summer 2015** is a collective effort between Cleveland Clinic's Outreach Department, Cleveland Clinic's Department of Community Outreach Police Action Team (COPAT) and community partners to promote a better understanding of the issues surrounding violence in our communities. The goal is to show the high healthcare cost associated with violence, fear and at-risk behaviors. This project will serve as the model for creating safer neighborhoods with well-informed citizens. With this program Cleveland Clinic and community partners will collaborate to develop specific strategies and programs designed to reduce and prevent youth violence.

**Pre-registration is strongly advised but not required. Please call Chantel Wilcox at 440-465-9571.**
